mile north on Pixley Rd, then 1/8 mile east
on Walstead Rd

Sale Contact:

Marshall Cattle Co.
Tim Marshall - (620) 887-1044
tim@marshallcattleco.com

Sight Unseen Purchases:

If you are unable to attend the sale, please
contact us. We will handle all absentee bids
in a professional and confidential manner.
We fully guarantee customer satisfaction
with all sight unseen purchases.

Announcements:

Sale day announcements will take precedence over information in this catalog.

Liability:

All persons attending the sale do so at their own risk. The owners, sale hosts and/or anyone associated with the sale assume no liability for accidents, theft or damages on the sale site.

Terms & Conditions:

Terms are cash or check and settlement must be made before cattle leave the sale facility.

All cattle sell under the standard terms and conditions of their respective breed association. Sellers are retaining a 1/2 semen interest in all bulls in the sale.

Health:

All bulls have been on a complete health program which includes a recent booster of: BoviShield Gold FP5VL5HB, Vision 7/Somnus, Presponse SQ, and Cydectin Pour-On Wormer.

All bulls have passed a breeding soundness exam and tested BVD PI negative.

Breeding Guarantee:

Each bull carries a first breeding season guarantee. If a bull is injured, you will be provided with a replacement if one is available or a sale credit will be issued in the amount of the purchase price minus salvage value. This is not a life insurance policy.

Quick Pick Scores:

In an attempt to simplify your selection process, we have provided Quick Pick Scores (1-5) for Calving Ease, Growth, and Replacement Females.

Rather than simply comparing the bulls to a breed average and having all 1's or 2's like you might see other places, we have chosen to score the bulls as an in-herd comparison so that we can give you a more precise score of their relative differences.

In each category:

- 1 - Superior
- 2 - Above Average
- 3 - Average
- 4 - Below Average
- 5 - Inferior

For example, a Calving Ease score of 1 is recommended for use on heifers with minimal supervision available at calving and a 2 would potentially be suitable for heifers with supervision. A Calving Ease score of 3 or below is recommended for use on only mature cows.
